

Watershed Management Storm Water Bond Support

(Resolution No: 01-2010)

In recognition of the pivotal role infrastructure plays in the quality and vitality of a community, the Lincoln Chamber of Commerce has made adequate funding of such infrastructure a top priority. Over the past 20-years, the citizens of Lincoln have supported the use of bonding to achieve needed funding levels for Storm Water Management. Once again, a proposed bond issue will be before voters on November 2, 2010. A positive vote for this issue will provide funding for increasing Lincoln's public safety, improve water quality, and achieve environmental sustainability.

Now be it Therefore Resolved:

THE Lincoln Chamber of Commerce supports the continued use of bonding to raise funds for Storm Water Management.

[AND]

THE Lincoln Chamber of Commerce supports the proposed Storm Water Bond on the November 2, 2010 ballot.
